Partners for Refuge

National Partners Program

Refuge for Women was established in 2009 in Lexington, Kentucky with a mission to empower sexually exploited women to live a life of freedom through faith-based, residential healing programs. Today Refuge for Women is a national organization with ten homes, in six locations and clients representing twenty-two states.

Our *Partners for Refuge* program is for organizations that want to be our partner in ensuring that every woman who is sexually exploited will have the hope, support, and tools needed to pursue her dreams and live a life of freedom.

Refuge for Women has 84 beds total: 40 Transitional Living Program beds, 24 Long Term Recovery Program beds, and 20 Emergency House beds. Our multi-year Continuum of Care is free of charge. Women are provided group and individual counseling in a trauma informed setting. All of a woman's basic needs are met, including food, housing and clothing. Women are connected to legal, financial, and educational pathways by experienced case management.
